Title: Song of Spirituality

Author: by Canto Canzone

Very many are the  
paths,  
Though the mountain  
only one.  
And all who wish to  
face the sky  
Can gaze upon the  
same gold sun.  
Very many are the  
eyes,  
Yet all who will can  
see the same.  
Very many are the  
tongues,  
Yet all who will can  
call one Name.  
Very many are the  
ears,  
Yet all who will can  
hear one song,  
Very many are the  
tears,  
And those who weep  
are often strong.  
Very many are the  
Spirits,  
Yet the Spirit is but  
one.  
And many, those who  
tread the way,  
This dusty road, 'til  
all is done.
